

THE VIRTUE V10 T-TOP DISCOVER THE FUTURE

EXCLUSIVE TO
CARBON YACHTS

VIRTUE

'At Virtue, we don't just make yachts; we redefine experiences'

VIRTUE V10: Unveiling a new paradigm in yachting, Virtue Yachts presents a vessel that epitomizes style, luxury, and sustainability. Crafted by enthusiasts for enthusiasts, the V10 stands as a testament to the passion, expertise, and meticulous attention to detail that goes into designing a new boat

Constructed in an environmentally friendly, solar-powered facility, ensuring the highest quality while being mindful of our planet. Our modern manufacturing processes, coupled with our unwavering commitment to quality and our forward-looking approach, has set Virtue V10 in a class of its own.

The ergonomic skipper's seat, paired with an advanced suspension chair, it absorbs shocks and vibrations, ensuring a smooth and stable ride

Sculpted with precision, the sleek lines of the boat seamlessly converge below the windscreen, embodying a symphony of elegance and aerodynamic prowess.

VIRTUE YACHTS: PIONEERING INNOVATION IN LUXURY BOATING

EMBRACE A SUSTAINABLE FUTURE OF BOATING

What sets the Virtue V10 apart? It's an embodiment of precision, crafted by experts in yacht production with a passion for the seas. We pride ourselves in using the most premium materials and advanced processes, ensuring an eco-conscious production. Our carbon fibre usage, heralded for its strength, lightness, and durability, finds applications in industries where the standards are the highest – from aviation to motorsports.

The Virtue V10, a masterpiece measuring 9.89m x 2.90m, weighs an impressive 2505KG without its engine. This streamlined beauty, when combined with cutting-edge engine options, promises an efficient fuel consumption while delivering unparalleled speed and power.

TAKE ON THE WATERS WITH SUPERIOR DESIGN

Our collaboration with the revolutionary Petestep® technology ensures the V10's hull design is nothing short of a marvel. Harnessing the power of water spray with its specialized deflectors, it reduces drag,

increases acceleration, and ensures a whisper-quiet ride. This translates to a more stable, efficient, and exhilarating experience on the water.

FORGING AHEAD WITH ECO-CONSCIOUS INNOVATIONS

Our commitment to the environment shines through in every process. Vacuum infusion in our manufacturing eliminates harmful emissions, and our facility's photovoltaic system significantly reduces CO2 output. Furthermore, the V10 offers modern low-emission conventional outboards and even EVOY electric options, heralding a new era of zero-emission boating.

LOOK AHEAD WITH VIRTUE

We're not just building boats; we're crafting the future of day cruising. With the V10's hull optimized for Li-ion batteries and EVOY electric engines, we're at the forefront of a paradigm shift in pleasure boating. With Virtue Yachts, the future isn't just on the horizon – it's already here.

The Ultimate Escape: The Virtue V10 boasts electric fold-out balconies, crafting an aft oasis for relaxation and watersports.

VIRTUE - WHERE LUXURY MEETS INNOVATION

CORE PILLARS

Authentic Enthusiasm - Born from the passion of avid boaters

Technological Excellence - Meticulous design meets advanced technology

Eco-Conscious Craftsmanship - Taking the forefront of ecological change in manufacturing

Quality Above All - Every step, every detail, and every decision is taken with a singular aim - unparalleled quality.

Forward-Thinking Vision - Designed to champion the shift from conventional to electric pleasure boating

REVOLUTIONISING NAUTICAL EFFICIENCY WITH INNOVATIVE PETESTEP® HULL TECHNOLOGY

The Virtue V10 stands as a testament to maritime ingenuity, with its hull design being a paragon of both efficiency and innovation. At the heart of the V10 lies the patented Petestep® hull technology, a groundbreaking advancement that has significantly altered the dynamics of modern yacht design.

Unlike traditional hulls, the Petestep design focuses on the interaction between the water spray and the boat, surrounding the water line with unique deflectors. These deflectors capture and redirect the water spray with precision—downward and aft. The result is a noticeable reduction in drag by 10-30%, leading to a boost in acceleration by 20-50%. Furthermore, it dramatically decreases the noise produced by water striking against the hull, making for a quieter voyage.

But it's not just about speed and silence. The V10's hull, optimized with four Petestep deflectors, ensures stability, even in choppy waters. This presents boaters with a riding experience that's unparalleled in its class, offering both comfort and safety.

Pioneering Petestep® hull design ensures unmatched speed, stability, and silence on the seas

A BOAT FOR THE FUTURE...

Embrace the future with Virtue V10's electric drive options. Combining efficient propulsion with integrated solar panels, it promises sustainable luxury voyages and silent, eco-conscious cruising.

Evoy Electric Outboards:

- Single 120hp
- Twin 120hp [240hp]
- Single 300hp

POWERFUL PROPULSION. SEAMLESS FUNCTIONALITY

FOR THOSE WHO DEMAND DISTINCTION

Embodying cutting-edge maritime engineering, the Virtue V10 stands as a testament to functional luxury. With dual plotters at your fingertips, navigation becomes an experience of effortless precision. Anchoring is streamlined with the in-bow windlass, seamlessly controlled from the helm, ensuring that anchoring is hassle-free even for solo voyagers. Navigational challenges in tight marinas? The V10's bow thruster, paired with the intuitive joystick control, grants you unparalleled maneuverability, making every twist and turn feel like second nature. Additionally, the trim tabs provide optimal balance and stability, ensuring your ride is as comfortable as it is exhilarating.

1. Weighing just 2,505KG [excluding engine], the V10 glides effortlessly to a top speed of 51 knots. It's built for those who love the thrill of the open water.
2. With choices ranging from the latest outboards to the state-of-the-art EVOY electric drives, the V10 offers unmatched versatility for every boating enthusiast.
3. With an array of customization options, from premium decking finishes to exquisite upholstery colours, each vessel is uniquely crafted.

PRINCIPAL DIMENSIONS

Length overall	9.89 m
Beam	2.90 m
Draft	0.74 m
Dry weight	2.505 kg
Fuel capacity	420 l
Water capacity	100 l
Passengers	Eight Persons
CE Category	C8
Hull Structure	Carbon Fibre Infused GRP

PROPULSION OPTIONS

Single/Twin Yamaha 300/600hp

Twin Honda 250/500hp

Single 400hp Mercury

Single/Twin EVOY 120/240hp

Single 300hp EVOY

MORE THAN A VESSEL,
A STATEMENT OF PRIDE.

**YOUR YACHT.
YOUR SIGNATURE TOUCH.**

Tailored to You: The Virtue V10 is more than just a yacht; it's a reflection of its owner. With an unyielding commitment to delivering upon our clientele's visions, each V10 is uniquely crafted, and is sure to leave a lasting impression on anyone who sets foot on board.

THE VIRTUE LIFE

Dive into a life less ordinary aboard the Virtue V10, where luxurious escapades meet pioneering innovation. Imagine anchoring amidst azure waves, lounging on the open deck beneath the sun or the shade of the T-Top. As evening approaches, enjoy a sunset toast from the well-appointed galley. Whether hosting intimate gatherings or enjoying solitary moments of tranquillity, the V10 promises unparalleled experiences on the water. Dive into the future of boating.

EXCLUSIVE DEALER

VIRTUE YACHTS

At Virtue Yachts, we curate an avant-garde boating experience for those who desire an impeccable blend of eco-conscious innovation, captivating aesthetics, and relentless performance.

OUR COMMITMENT

Innovation is our compass. We house a dedicated ensemble of adept engineers, perpetually pioneering advancements in yachting. Complementing our technical prowess, our yachts' designs are conceived by esteemed German automotive visionaries, ensuring that every Virtue Yacht not only sails but also dazzles as a floating masterpiece.

SIGNATURE CRAFTSMANSHIP

Our carbon connoisseurs in Polan mastermind the creation and crafting of the distinguished Virtue Yachts. Upholding our commitment to elite quality, we retain the majority of our production process within our walls. This approach invites each patron to immerse themselves in the journey of their yacht, from initial hull formation to the final assembly, fostering a truly bespoke experience.
