

## **Carbon Yachts To Make Its Sanctuary Cove Premiere with Virtue V10 T-Top**

### **PRESS RELEASE FOR IMMEDIATE PUBLICATION**

Carbon Yachts is thrilled to announce the Queensland premiere of the Virtue V10 T-Top at the upcoming Sanctuary Cove Boat Show, taking place from May 23rd to 26th. With two Virtue V10s already finding their homes in Queensland, Carbon Yachts looks forward to introducing the V10 to a broader audience during the four-day event.

The Virtue V10 T-Top rethinks conceptions of mid-size dayboat luxury, making Mediterranean-style cruising more attainable than ever without compromising on looks and practicality. With versatility and entertainment at the fore of its design, the V10's aft area effortlessly transforms to meet any need, seamlessly changing from an oversized sunbed to passenger bench seating as well as a dining area with adequate seating for eight guests. This is paired with ingenious electric drop-down side balconies that expand the entertaining space and lend aft proportions akin to those found in 40-footers. For longer days, the V10 is fully equipped with an outdoor galley that includes a dual fridge/freezer, a sink, and an optional barbecue. Internally, the boat offers a double cabin and a separate day head, providing added comfort and privacy for overnight escapades.

Carbon Yachts invites all attendees of the Sanctuary Cove Boat Show to visit us and experience the distinctive 'Blue Steel' Virtue V10 T-Top, to be found prominently displayed in the marina, in front of George's Paragon Restaurant. The Carbon Yachts team will also be on hand to answer any inquiries regarding the rest of our luxury fleet, which features Saffier Yachts, YYachts, Candela, and ASTenders.
